Dear Mr. Winkles,

The review of your application requesting a new approval for your Model KLSM LED

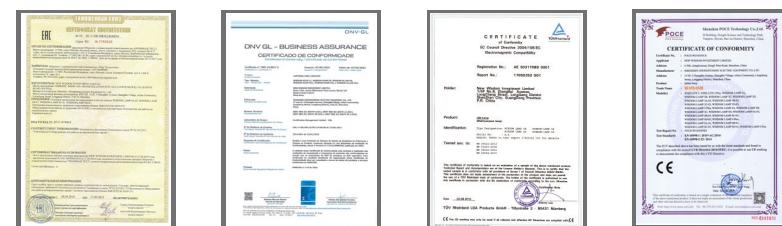

The design of this Model K15M Cap Lamp Assembly meets the requirements of Title 30 Code of Federal Regulations, Part 19 and is approved as permissible for use in gassy underground mines. Mine Safety Approval No. 19-AD90001-0 is in effect.

The following requirements apply to Appendix No. 19-a(9)(iii)-(f).

1. You must build each Model K13M Cap Lamp Assembly bearing this approval number according to the drawings and specifications in this MSHA Approval and Certification Center. A list of these drawings and specifications is enclosed.
  2. Our approval label information must be legibly reproduced with permanent lettering on a wear resistant material and must be prominently displayed on an exterior surface of this Model K13M Cap Lamp Assembly. Do not use the enclosed approval label. Instead, use the label provided on page 4. All of the approval label information must appear on the approval label.
  3. You are not permitted to make changes to the design of this Model K13M Cap Lamp Assembly without our approval.
  4. We may require you to make changes to the design, or to modify this Model K13M Cap Lamp Assembly, in the field, in the interest of safety.
  5. We have the right to review this approval, or cause it to be reviewed, at any time.
